

KURT ELIEZER L. LUZA

luzakurt14@gmail.com | 0927-581-8788 | Santa Rosa Laguna

EDUCATION

Mapúa Malayan Colleges Laguna

Bachelor of Science in Information Technology (BSIT)

August 2022 - August 2026

PROJECTS & RELEVANT EXPERIENCE

IT Operations Intern — Concentrix

(April 2026 – July 2026)

Tech Stack: Active Directory, Scripting, VLAN Configuration

- Utilized Active Directory to add machines back into the system for accessibility to administrators
- Hands-on experience with BIOS updates, Installation using scripting, strengthening technical troubleshooting skills
- Did software updates for Concentrix-approved applications, maintaining functionality and security
- Assisted in network configuration tasks, setup VLAN to ensure proper IP and group policy changes based on user login

HopFog Communication System — Capstone Project

(January 2026 – March 2026)

Tech Stack: FastAPI (Python), HTML, CSS, JavaScript, Git

- Developed a web dashboard for monitoring a barangay communication system operating without internet or mobile connectivity
- Designed responsive front-end interfaces for real-time message display and user interaction
- Conducted thorough testing and debugging to improve system reliability and usability

Junior Full-Stack Web Developer — Chirosoap

(March 2025 – March 2026)

Tech Stack: Django (Python), Vue 2, Django REST Framework, Git

- Debugged front-end and back-end issues, improving system reliability
- Built responsive Vue.js components to improve user experience
- Integrated and secured Django back-end features for scalability

WordPress / Web Design — Prometrics Digital

(July 2024 – October 2024)

Tech Stack: HTML, CSS, WordPress

- Customized WordPress themes and templates to match client branding and specifications
- Designed responsive, user-friendly landing pages following modern UX principles
- Delivered multiple landing pages on time, meeting client expectations

Web Scraping Automation — Shilohstream

(January 2024 – March 2024)

Tech Stack: Python, Selenium, HTML/CSS

- Designed and deployed an automated data scraping solution for an e-commerce website
- Implemented automatic file download/upload pipeline using the Dropbox SDK
- Reduced manual data collection effort through end-to-end automation

GHL Web Design — Landing Pages

- Designed and developed high-converting landing pages aligned with client business goals
- Ensured clean, responsive layouts with attention to visual consistency

|--------------------------------------|----------------|
| ▶ Python (Django, FastAPI, Selenium) | ▶ HTML5 & CSS3 |
| ▶ JavaScript / Vue 2 / React Native | ▶ C# |

Databases

- | | |
|----------|--------------|
| ▶ MySQL | ▶ PostgreSQL |
| ▶ Oracle | ▶ SQLite |

Tools & Platforms

- | | |
|-------------------------|-------------------------------------|
| ▶ Git (GitHub / GitLab) | ▶ REST APIs / Django REST Framework |
| ▶ WordPress & Figma | ▶ Postman |

HONORS & AWARDS

- Dean's Lister — 1st, 2nd & 3rd Term, A.Y. 2022–2023
- Top Spot Dean's Lister — 3rd Term, A.Y. 2023–2024
- Dean's Lister — 1st & 2nd Term, A.Y. 2024–2025

CERTIFICATIONS

- Crash Course on Python - Google
- Full Stack Web Development - Amazon
- Google Cloud Computing Foundations Certificate - Google
- Foundations: Data, Data, Everywhere - Google
- Ethical Hacker - Cisco

CORE COMPETENCIES

- Analytical Problem-Solving — experienced in debugging complex full-stack issues
- Attention to Detail — consistent Dean's Lister with a quality-first mindset
- Adaptability — worked across multiple tech stacks and client industries
- Team Collaboration — contributed to cross-functional project teams
- Continuous Learning — proactively expanding skills in back-end and front-end development
